Health+Rehab Scandinavia

The trade fair for assistive and welfare technology

16th-18th November 2021, Bella Center, Copenhagen

Exhibit your products at Scandinavia's leading trade fair, presenting the latest and best in the fields of assistive technology, health and welfare technology, rehabilitation as well as health care and hospital equipment and services.

Why you should be part of Health & Rehab Scandinavia

Every other year, thousands of care industry professionals, decision-makers and users come together at Scandinavia's most important meeting place – a forum for professional development, knowledge sharing and inspiration for all players in the social and health care sectors.

You will have a unique chance to showcase your products and solutions to qualified professionals as well as users and dependants. At the trade fair, you get to strengthen your customer care, expand your network, pick up leads, pass on knowledge and give seminars and workshops.
